

Central Missouri Scale Modelers Club
Meeting Minutes
2016-07-21 (July)

Attendance:

Unknown.

Financial Report:

Unknown.

Meeting Topics:

Unknown, because unfortunately the Club Secretary wasn't at the meeting. I had a head cold with sore throat. I figured everybody would appreciate my staying home, rather than bring it in so they all could catch it. Believe me, I'd rather have been at the meeting... with no head cold. It would have been a lot more fun.

Club Clinic:

Unknown.

After the program, the chairs and the tables were put away. That always happens, so it can safely be reported as true even though I wasn't there.

The meeting adjourned at some point. (It always does.)
